

## Starter PAT Testing Kit

PAT testing kit for small businesses, schools etc.

### Small Business PAT Testing Starter Kit

This kit is perfect for people who want to carry out PAT Testing in their own organisations, (such as small businesses, schools etc) as well as people wanting to offer a PAT Testing Service to other people. PAT Testing is a great way to make money, and this kit will give you everything you need to get started! It's perfect for testing:-

- DJ, Band and PA equipment etc
- Shops and Offices
- Hotels and B&B's
- Hairdressing salons and similar
- Schools and Colleges

This kit is perfect for testing all portable electrical appliances, from computers, through to kettles, toasters, and large appliances such as washing machines and fridges. The included adaptors allow for testing of IEC (kettle) leads, cloverleaf laptop leads as well as all normal extension leads, and it would be possible to test 110V appliances and 3-phase with additional adaptors (ask for advice)

We've supplied a full set of tools with this kit, so you'll always have the correct screwdriver to hand, as well as tools for changing plugs and carrying out simple repairs. We've also included 2 rolls of generic labels, and 1000 personalised labels (printed with your name and phone number/website on) which are great if you want to get your name out there...

### Kit Includes:-

- PAT Testing machine (Seaward PT100)
- 1 set of AA alkaline batteries
- product verification certificate (doesn't require calibration until 12 months after first use)
- 1000 personalised PAT Testing labels
- 2 rolls (500) small PASS labels
- 1 roll small FAIL labels
- 1 set of 7 VDE insulated screwdrivers
- 1 pair VDE wire cutting pliers
- 1 pair VDE pliers
- 1 pair VDE wire cutters
- 1 x socket tester
- selection pack of 50 spare fuses
- pack of 10 BS1363A mains plugs
- 1 x microwave tester
- 1 x adaptor to test laptop leads
- 1 x short IEC lead to test extensions
